Conversations With God: An Uncommon Dialogue, Book 3 Neale Donald Walsch

The dialogue expands . . . Conversations with God, Book 3 is the final book of the original three-book series. As was written in the introduction to Book 1, it deals with "universal truths of the highest order, and the challenges and opportunities of the soul." In Book 3, the dialogue expands to include more about the nature of God, about love and fear, about Who We Are and who we may become, and about the evolution of the human species that is about to take its place in the universal neighborhood. Here is a profound dialogue about the culture, philosophy, and spirituality of highly evolved beings (some of whom we presently call "aliens" or "ETs") in other realms of the universe, and how they have learned to view life, love, and the pursuit of happiness. By reading this book, you will begin to see life in a different way and begin to question the truth of what you have known on this planet: "And so I end this dialogue as it began. As with life itself, it comes full circle. You have been given truth here. You have been given joy. You have been given love. You have been given here the answers to the largest mysteries of life. There is now only one question remaining. It is the question with which we began. "The question is not, to whom do I talk, but who listens?"
