Dawn of the Dead The Sequel to Night of the Living Dead GEORGE A. ROMERO

In 1978, on the heels of *The Night of the Living Dead*, George Romero returned with an eye-popping sequel, *Dawn of the Dead*, which tore its way onto movie screens across the country and terrified an entire generation. Shortly thereafter, Romero, along with author Susanna Sparrow, wrote a novel based on the movie, which extended the undeads' reach even further. This is one of the original stories of a zombie apocalypse. In it, a handful of survivors find refuge at a local mall, barricading themselves in. After a while, they realize that a mall is the perfect place to sit out the end of the world. They even start to enjoy themselves, but before long, the zombies begin to find their way in. *Dawn of the Dead* is an intense combination of scares and social commentary. Its publication cements George Romero's status as a stunning visionary.
