Shattered Peace: Revised Edition Daniel Yergin

This book states rather accurately the reasons, events and the logic for the establishment of the cold war and our present emphasis on our Military Industrial Complex. This was a turning point in American history. Supporters of the conservative type will deny the accuracy of Mr. Yergin's scenario and those who lean more to the left will interpret it as a rather obvious statement of fact. I think that the book is more than accurate. In fact I would say that the book is a little too conservative and that the truth I would find even further to the left. And if we look at our present day politics we will see that it is deja vu all over again. In fact in today's world it does seem that even Stalinist Russia's view of the U.S. is more accurate than most of us would have liked to believe./BEST VALUE ON THIS OUT OF PRINT CLASSIC/THE BOOK HAS COLLECTOR VALUE /FAST SHIPPING/OUTSTANDING CUSTOMER SERVICE/
