Henry James and "The Turn of the Screw": The Governess and the Ghosts

Franziska Gotthard

Henry James and "The Turn of the Screw": The Governess and the Ghosts Franziska Gotthard
Research Paper (Pre-University) from the year 2010 in the subject English - Literature, Works, grade: 1, ,
language: English, abstract: Henry James's title of his novel could not have been more allusive. He writes
"The Turn of the Screw" at the turn of the century when people were both excited and nervous about what to
expect of the new century. He gives the ghost-story another turn of the screw as the tale involves a second
child. And even the author is at a turning point, because he decided, for the first time, to rent an old house,
where he stays until his death. What happens if one turns the screw? Does it all get worse or does giving the
screw two turns produce a status that restores its former orientation? Certainly a turn alters something. The
governess in "The Turn of the Screw" wonders what happens if someone turns out to be, for instance,
innocent and this thought is instantly followed by another: What then on earth is the governess? This
tendency to relate everything to one's personal situation is perfectly human, but problematic. Can one
unconditionally trust one's own perception? Even the governess doubts this. She and the ghosts will be
analysed and carefully interpreted in order to understand James's narrative and the problems of human
doubts and awareness.
