The Day Everything Was Free: the Beginning of the End of Money Doug Olsen

What would it be like if suddenly all the world decided to live without money. This is a story about the people who might make that happen and the New Age that would dawn. Of course you realize that this story is only a dream. Or is it?

A very famous “digital” gazillionaire has mounted a serious campaign to eliminate all cash from society and rely totally on “digital” accounts in bank and government computers. (So there!)

‘But Doug,’ you might say, ‘what about the people who won’t work and still want to get stuff for free? That would not be fair. There ought to be a law against that.’

Oh, but there is. It was not passed by men who were lobbied by special interests. It was built into the very fabric of the universe by the Creator. It has different names. Some call it Karma.

The unfolding of Karma on the lives of those who would attempt to continue a life of based upon greed rather than a life based upon charity and love will manifest a formidable justice ... amplified.

So my good people ... do a happy dance ... The day when everything is free is coming, inexorably ... and soon.
