You're about to discover how to prepare yourself for the biggest decision you've probably ever had to make in your life. It isn't an easy one and not a decision you should make lightly. In my book I describe from first hand experience of what you'll be running into. I give advice based on first hand experience on what to know and recommendations you should heed before joining. The best way to prepare for joining the Navy is to do your research and know everything you can so you can make an informed decision.

## **Here Is A Preview Of What You'll Learn...**

- Navy Jargon
- Insights and Knowledge
- Recommendations and advice
- Knowledge Checklist
- Much, much more!

By Shashank Jain - 5 stars

This one's a nifty piece of very good experiences put down by an author. The eight weeks survival guide is very helpful for those who not only have to face a navy camp particularly, but for any difficult training they might be facing. Good work.

By Truthful Reviwer "TR" - 5 stars

Wow, what an enjoyable read, really. I can only say this because I am not going into navy boot camp. I

actually stumbled across this Kindle book when I was looking for a strength training book. This book is very well written and the author certainly knows what he is talking about. You won't be disappointing in this book, by far one of the better Kindle books I've read from this particular publisher.
