The Little Prince: Illustrated Antoine de Saint-Exupery

At first glance, Antoine de Saint-Exupéry's classic *The Little Prince*—with its winsome illustrations of a boy prince and his tiny planet—appears to be a children's fairy tale. It doesn't take long, however, to discover that it speaks to readers of all ages. This pocket-sized edition, perfect for teens, features Saint-Exupéry's original full-color illustrations and the unabridged text, a reader's guide, and an introduction by Gregory Maguire. Rediscover—or share—the magic! "I'm glad I was asked to be the ambassador for this book. I suspect you may find that something of the starry magic of this story stays with you, as it has with me." — Gregory Maguire "A lovely story...which covers a poetic, yearning philosophy—not the sort of fable that can be tacked down neatly at its four corners but rather reflections on what are real matters of consequence." — New York Times Book Review

From reader reviews:

Merideth Davis:

The book The Little Prince: Illustrated can give more knowledge and information about everything you want. Why must we leave a good thing like a book The Little Prince: Illustrated? Some of you have a different opinion about e-book. But one aim which book can give many info for us. It is absolutely appropriate. Right now, try to closer together with your book. Knowledge or facts that you take for that, you can give for each other; you could share all of these. Book The Little Prince: Illustrated has simple shape however you know: it has great and massive function for you. You can appear the enormous world by wide open and read a book. So it is very wonderful.

Bruce Alexander:

Nowadays reading books are more than want or need but also work as a life style. This reading behavior give you lot of advantages. The huge benefits you got of course the knowledge your information inside the book which improve your knowledge and information. The info you get based on what kind of publication you read, if you want attract knowledge just go with education books but if you want feel happy read one with theme for entertaining for example comic or novel. The The Little Prince: Illustrated is kind of guide which is giving the reader erratic experience.

Ronnie Correa:

Spent a free time and energy to be fun activity to perform! A lot of people spent their sparetime with their family, or all their friends. Usually they carrying out activity like watching television, about to beach, or picnic from the park. They actually doing same every week. Do you feel it? Do you need to something different to fill your own personal free time/ holiday? Could possibly be reading a book can be option to fill your cost-free time/ holiday. The first thing that you'll ask may be what kinds of publication that you should read. If you want to test look for book, may be the e-book untitled The Little Prince: Illustrated can be great book to read. May be it might be best activity to you.

William Kavanaugh:

Do you like reading a guide? Confuse to looking for your favorite book? Or your book was rare? Why so many concern for the book? But any kind of people feel that they enjoy regarding reading. Some people likes looking at, not only science book but additionally novel and The Little Prince: Illustrated as well as others sources were given know-how for you. After you know how the truly great a book, you feel desire to read more and more. Science reserve was created for teacher or even students especially. Those books are helping them to include their knowledge. In some other case, beside science reserve, any other book likes The Little Prince: Illustrated to make your spare time more colorful. Many types of book like this one.
