For many, in the Flatbush section of Brooklyn, New York, armed robbery is a way of life. Tone, his younger brother Dee, and their close friend Trey trust each other with their lives as they take money from wherever and whomever they please. When the brothers find out that their girlfriends are both pregnant, the two young men reevaluate the choices they have made in life and decide on a change of careers. Doubtful of their ability to live so-called normal lives, Trey laughs at the brothers and promises to keep their guns warm while they try to go straight. Finding work proves to be harder than the brothers expect. Trey welcomes them back to the streets with open arms, and they decide to try their luck in the drug game because robberies are too risky for expecting fathers. Unfortunately, their baby sister falls victim to a horrible crime which serves not only as a distraction but puts their lifelong trust of each other into question.
