The Bewitched Continuum: The Ultimate Linear Guide to the Classic TV Series Adam-Michael James
The Bewitched Continuum is a fun insider's look at the classic television show's overall continuity that will have you appreciating Samantha, Darrin, and their circle of impish witches and manic mortals in a whole new way. Adam-Michael James zaps up the same magnifying glass he uses on scripts for Hollywood studios and his columns at soapcentral.com to explore the consistencies and inconsistencies of *Bewitched*, comparing and contrasting all 254 episodes like never before. The only book to focus solely on the supernatural sitcom's fictional elements, *The Bewitched Continuum* delves into burning questions like: How come witches can use their powers in the past in some episodes but not in others? Can witches undo one another's spells, or not? The result is a definitive reference guide that is entertaining, perceptive, and always respectful. In addition to stunning photos and overviews for all eight seasons, this magical manual reveals how many times Endora called Darrin "Durwood" and who was afflicted with which witchy illness, not to mention offers an exclusive peek at one idea for the series finale *Bewitched* never had. Whether hardcore fan or discovering the show for the first time, *The Bewitched Continuum* casts a spell you won't soon forget!
