Does serving in the church hurt your relationship with Christ? That question may have saved author Anne Marie Miller's life. She believes it could save yours, too. As the daughter of a pastor, Anne saw firsthand the struggles leaders face and the toll it takes on their families. She vowed her life in ministry would be different. Yet, years later, as a church leader, she was hospitalized because stress began wreaking havoc on her body. She had burned out. Anne developed a website that allowed church leaders to share their struggles. Within a few days, she was flooded with over a thousand responses from people pouring out their stories of pain. Mad Church Disease, born out of that experience, is a lively, informative, and potentially life-saving resource for anyone who has ever stepped foot in a church who would like to understand, prevent, or treat the epidemic of burnout in church culture.
