Work more effectively and gauge your progress along the way! This **Student Study Guide** is designed to accompany de Blij and Muller's *Concepts and Regions in Geography, 2nd Edition*. Students will benefit from the learning objectives, self-test questions, practice exams, term paper pointers, 48 outline maps and map exercises found in this revised Study Guide.

Whether through tourism, trade, or television, our world seems smaller and more interconnected every day. More than ever before, students need a geographic perspective to make sense of these transformations and the many complex, multicultural dimensions of our world. And what better way to introduce your students to the world, than with a brief, authoritative text from the leading author team in regional geography.

Now substantially revised, the **Second Edition** of de Blij and Muller's **Concepts and Regions in Geography** presents the authors' hallmark authoritative and accurate content, along with an outstanding map program, in a concise, technology-rich package. Additional coverage is available on the web, allowing instructors to adapt the content to their course needs.
