[ Spiritual Power [ SPIRITUAL POWER ] By Griffin, Mark ( Author )Dec-14-2008 Paperback Mark Griffin

"Power is possibility. All possibilities are related to the presence or absence of power. There are different kinds of power. There is the power of The City, which is social power- higher and lower classes, economic power, having a lot or having a little. That's one kind of power. There's also a kind of power that is just sheer force. Sometimes it's quiescent, sometimes it's wrathful and swift. We will be studying the unseen power of spirit. It is the true power. It is awesome. It is terrifying. And it is exact. When you get involved with power, everything that you bring to the situation is manifest. You come to understand who and what you truly are. That is why it's a little bit dangerous, and why you want to have much training as possible when you come in to more and more access to power. There are deep challenges to attracting, gaining, storing and integrating power. This is what spiritual training is about, and this is the basis of our work." Mark Griffin
