True Reason: Confronting the Irrationality of the New Atheism

Today's New Atheists proclaim themselves our culture's party of reason. It is a claim they cannot sustain. Reason is the New Atheists' weakness, not their strength and in fact, the Christian faith is a far better place to look for *True Reason*.

In sixteen carefully constructed essays by more than a dozen Christian thinkers including William Lane Craig, Sean McDowell, and Timothy McGrew, *True Reason* unmask the frequent irrationality displayed by leading atheists like Richard Dawkins, Sam Harris, and Christopher Hitchens. The authors go on to show the great extent to which the Christian faith has historically supported sound reasoning, and that Christian thinkers, past and present, have demonstrated real excellence in reasoned, rational thinking.

Making their case accessible to the first-time inquirer as well as the serious student, this top-flight team of writers presents a sound defense and a strong introduction to the true reason uniquely found in Christianity.

This paperback edition has been revised and contains additional chapters not included in the first (eBook) edition.
