## **1984 Redux: Say hello to "Big Brother"** Andrew Curtiss

July, 2009; Andrew Curtiss received a Chain Mail in his E-Mail box. The Message was sent to him from a former colleague he served with in the US Army Special Forces at Fort Bragg North Carolina. The subject line of the message read "Congratulations you made the terrorist watch list!" The content suggested that the Department of Homeland Security had labled millions of Americans who are Constitutionalists, Pro Life, of Christian faith, voters for rightwing politics, are combat veterans and more; as potential domestic terrorists. After researching the matter Andrew found that the DHS did infact publish such a report that was meant to be confidential for law enforcement only. The report was published April 7, 2009. It was during Andrew's research into the matter that he realized the "Fundamental Transformation" of America as promised by Barack Obama was indeed transforming America into something much like Oceania in George Orwell's "1984". 1984 Redux digs deep into the issues facing Americans today as America "Fundamentally Transforms". Curtiss draws the comparison of where Obama and his leftist handlers and drones want to take America as part of this transformation; to the extreme Socialist Oligarchy depicted in Orwell's "1984". Supported by scores of references and facts, one might be surprised to see how close to Orwell's nightmarish depiction America is headed. 1984 Redux is not only a wakeup call to America, but the world; as to what could be if the most influential nation in the world and "last hope for freedom" falls to the left.
