Pocket Guide to Historical Research Evangeline Holland

The Pocket Guide to Historical Research takes the daunting task of collecting and collating research and breaks it into easily managed chunks of time and tasks so you can find information faster, process it more quickly, and get back to your writing!

Based on skills and tactics I've honed over the past five years as a history blogger at Edwardian Promenade, and then as a writer of historical romantic fiction, I hope to make the process of researching your novels fun!
