Acne. Job interviews. Staying in shape. These are just a few of the life challenges we all face. They range from frustrating to outright terrifying and, even though we have access to all of the books, blogs and tweets we could ever possibly read, we still remain lost and confused. That is why I have taken on some of the biggest [minor] issues and compiled ten chapters of medium rare cooked advice. For example: "Should I allow my girlfriend to watch Magic Mike?" "How should I solve disputes with my older or younger brother?" "Is it possible to get an oil change for the advertised price?" And more! Oh, I also included two fiction stories at the end as bonus tracks. One story is about Robert Redford starring in a Barefoot In The Park remake against his will and the other is a first person account from a cranky old man living in Tulip Town, Michigan.
