Room Outside: A New Approach to Garden Design

John Brookes

Room Outside: A New Approach to Garden Design John Brookes

This is a thoroughly revised and beautifully illustrated edition of the book that first made garden design accessible to everyone. In Room Outside John Brookes invented the highly practical concept of the garden, however large or small, as a usable extension of the home. That was nearly forty years ago and, while the range of products and materials has increased dramatically, the role the garden can play has not changed at all. Indeed, as a retreat from the hectic world of work and as an overflow to family life, our outdoor space has become incredibly important and Room Outside is even more relevant to 21st century living. John Brookes deals systematically with the creation of a contemporary garden whatever its size, from a tiny roof terrace to a substantial suburban plot. He sets the scene by exploring what we can learn from the evolution of garden design and use, and then asks the vital questions: 'What do you want?' and 'What have you got?' Then he brings together all the practical aspects
