The Tesla Secret (The Project Book 5) Alex Lukeman

Lost plans for a terrifying weapon designed by Nikola Tesla fall into the hands of a centuries-old conspiracy bent on world domination. Powerful men will stop at nothing to use the weapon to achieve their goal, even at the risk of nuclear war.

Director Elizabeth Harker runs the Project, the secret hand of the US President. Nick Carter heads up the Project team in the field. Selena Connor is his teammate and lover. Together they pursue a twisted trail of clues that tests their relationship to the breaking point.

From the cobbled streets of Prague to the jungles of Mexico, from the ancient countryside of Tuscany to the barren plains of Central Russia, the story moves with relentless pace toward a final, explosive confrontation that will determine the future of humanity.
