Coming Prophetic Revolution, The: A Call for Passionate, Consecrated Warriors Jim W. Goll

The Coming Prophetic Revolution offers a unique and refreshing approach to the "heart issues" of the prophetic gifting. Centered around a character study of John, the beloved apostle, it develops the tie between intimacy with God and the corresponding grace of hearing his voice. Being a prophetic generation, the author explains, is not so much about giftedness as it is about people who have spent intimate time with the Lord Jesus and declared faithfully what they have heard from the mouth of God. Ruthlessly yet graciously, Goll exposes common misconceptions from his own personal journey with prophetic ministry, as well as through the successes and failures of gifted people throughout church history. A great tool more than instruction, but wisdom from the trenches for pastors who grapple with the real life issues of working with prophetic people. The Coming Prophetic Revolution casts the vision that will take us from a fragmented body of Christ to the great revolutionary army of God on earth.
