The Righteous Way Starmel Allah

In his debut release, *The Righteous Way*, Starmel hopes to bring to light that The Five Percent Nation is not just an old methodical organization standing in the shadows of history, but that it is a permanent component of historical teachings that still flourishes today with the premise of saving youth from regression, ignorance, violence, self-destruction and powerlessness. He shares his commitment to documenting the meaningful aspects of a teaching that can be traced back to some of the earliest known civilizations of mankind. A commitment that he personally has fought for the right to embrace and practice as a culture not only at the state court level, but at the federal government level of court as well.
