Written by top scholars of American History, AMERICAN PASSAGES, BRIEF SECOND EDITION examines U.S. history the way people live?in the flow of real time. Rather than pursuing one topic (such as politics, culture, society, reform, the military, or economics) at a time, each chapter of the text interweaves important themes and issues into one clear narrative. Through this method of presentation as well as through the primary source material in every chapter, students can observe the many ways that events, movements, and groups of people have served to shape history and can learn to make connections between these themes and issues. This revision includes expanded review materials and pedagogy to help students get through the course as well as a free AMERICAN PASSAGES Book Companion Website created by Ed Ayers. This site includes chapter-by-chapter quizzing, interactive maps, videos, audio, and links to over 400 readings.
